

Shiel Roma Cap S

Fully supported custom roof flashings designed to cover the junction of the two roof slopes at the building ridge. They ensure waterproofing and provide a clean, finished appearance in roofing systems constructed with ThermaBarr and ThermaGard COV Roma insulated panels or with MetaLite COV Roma single-skin metal sheets

Available in

Side dimension 210mm | Length 3m

Configuration

Suitable for application on Roman tile profiles

Installation

They are fixed to the supporting structure using the standard visible fixing method
